

2005 Fall Meeting

Tuesday Morning 1			
Time	Sess.	Location	Title
0800	PP21A	MCC Level 2	Terrestrial Records of Tropical and Subtropical Climate Change on Glacial/Interglacial and Millennial Timescales III Posters (joint with A) <i>Presiding: C A Scholz, Syracuse University; J A Peck, University of Akron</i>
0800	PP21A-1544	MCC Level 2	Evidence for a possible modern and mid-Holocene solar influence on climate from Lake Titicaca, South America *K M Theissen, R B Dunbar POSTER
0800	PP21C	MCC Level 2	Paleoceanography and Paleoclimatology General Contributions II Posters (joint with A, OS) <i>Presiding: K Billups, University of Delaware; M E Katz, Rutgers University</i>
0800	PP21C-1568	MCC Level 2	Assessing the Paleooceanographic Potential of the Coral <i>Montipora venosa</i> at Fanning Atoll, Central Equatorial Pacific *A M Stolorow, B K Linsley, R B Dunbar POSTER

Wednesday Morning 1			
Time	Sess.	Location	Title
0800	PP31A	MCC Level 2	Continental Paleoclimate Records: Proxy Development, Quantitative Reconstructions, and Modeling V Posters (joint with A) <i>Presiding: Y Huang, Brown University; F Hu, University of Illinois, Plant Biology</i>
0800	PP31A-1502	MCC Level 2	Tracking tectonic activity and climate change in Southernmost Patagonia - The Lago Fagnano record *N Waldmann, D Ariztegui, F S Anselmetti, J A Austin Jr.C Moy, R Dunbar POSTER
0800	PP31A-1517	MCC Level 2	Lacustrine Records of Holocene Climate Change From Southernmost South America *C M Moy, J Francois, P I Moreno, R B Dunbar, R Villa-Martinez, N Waldmann, D Ariztegui POSTER

Thursday Morning 1			
Time	Sess.	Location	Title
0800	PP41B	MCC Level 1	Pliocene-Pleistocene Extreme Warm Events I Posters (joint with GC) <i>Presiding: L Burckle, Lamont-Doherty Earth Observatory; R Scherer, Northern Illinois University</i>
0800	PP41B-0650	MCC Level 1	Role of Coccolithophores During a "Warm Pulse" in the Atlantic Antarctic Sector: The MIS 31 in ODP Site 1094 *J Flores, F J Sierro, R Scherer, R Dunbar POSTER

Friday Morning 1			
Time	Sess.	Location	Title
0800	PP51F	MCC 3006	Perspectives on Southern Ocean Paleoceanography and Paleoclimatology II <i>(joint with B, OS, C, GC)</i> <i>Presiding: G M Filippelli, Indiana University-Purdue University at Indianapolis; K Kryn, Ocean Drilling Programs</i>
0945	PP51F-08	MCC 3006	Recent sedimentation beneath the McMurdo Ice Shelf, Antarctica *C R Riesselman, P J Barrett, R B Dunbar, G B Dunbar INVITED
