**Petitions submitted by the above deadlines will be evaluated in time for the Final Study List deadline for that quarter.**

This form must be submitted to E-IPER no later than the Friday of the 2nd week of the quarter in which the student is registering for an independent study (I.S.) course that is intended to count towards the E-IPER MS. (This could be ENVRES 399, or an I.S. from another department).

Note: A maximum of 5 units of independent study may count toward the Joint MS degree. An I.S. that is taken for at least 3 units, and for a letter grade, can count toward the Elective requirement. Otherwise, independent study counts as 'additional' units.

To enroll in ENVRES 399, select the Faculty Instructor's section in Axess. The Faculty Instructor's submission of a final grade serves as confirmation that the student has met the expectations outlined in this document.
